

Stanley Reid & Company GiveBack Program

If you help us meet highly-cleared Software Engineers, Computer Scientists, and other technologists, we'll give money to charity.

- We donate \$25 each time you connect us to someone that we don't yet know.
- We donate \$1,000 each time we place someone you refer with one of our clients.

At the current time this program only applies to TS/SCI or polygraph cleared Software Engineers and Computer Scientists, and to other technologists with polygraph clearances.

You may choose from our list of approved charities - all are reputable 501(c)(3) organizations that have excellent ratings from either the American Institute of Philanthropy or from Charity Navigator. Both are charity watchdogs that examine the financial and ethical practices of charities to ensure donations are being used in an efficient manner in support of the charities' stated objectives.
